

# Lalit Dubey

Full Stack .NET Developer

lalitdubey8626@gmail.com | +91 6393457594 | Bhadohi, UP | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

## PROFESSIONAL SUMMARY

Full Stack .NET Developer with hands-on experience building production-grade web applications using ASP.NET Core MVC, Web API, C#, ADO.NET, Dapper, and SQL Server. Built and deployed projects covering secure authentication systems, RESTful APIs, AI integrations, and responsive frontend UIs. Completed internship at Techpile Technology Pvt. Ltd., Lucknow. Passionate about clean architecture, database optimization, and delivering full-cycle software solutions.

## TECHNICAL SKILLS

|          |                                                                              |
|----------|------------------------------------------------------------------------------|
| Frontend | HTML, CSS, JavaScript, jQuery, Ajax, Bootstrap                               |
| Backend  | C#, ASP.NET MVC, ASP.NET Core MVC, ASP.NET Web API, ADO.NET, .NET Core       |
| Database | MSSQL, MySQL, Stored Procedures, Indexing, CRUD Operations                   |
| Tools    | Git, GitHub, Swagger, Groq API, BCrypt, SMTP Integration, Visual Studio 2022 |

## PROFESSIONAL EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                             |             |
